

as H.R. 962, which so far has been blocked by the majority in this House.

I am willing to bet most Americans assume that doctors and nurses would do everything they can to help a baby who has somehow miraculously survived an abortion. You would be surprised and saddened to know that that is not always the case.

In 2002, Congress recognized the simple fact that an infant who survives an abortion is, indeed, a person. So why is there still no legal protection for those newborn babies who have been born alive after a failed abortion attempt?

It is past time to hold abortion providers accountable for ensuring the best possible care for any newborn baby regardless of whether that baby happens to survive an abortion. We must vote to protect the sanctity of newborns, and I hope the American people will call their Member of Congress and have them sign on to this discharge petition and support this act.

#### EQUAL PAY DAY

(Ms. STEVENS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. STEVENS. Mr. Speaker, I am here today to recognize Katherine Johnson, Dr. Christine Darden, Dorothy Vaughan, Mary Jackson, and the hundreds of women in STEM who made incredible contributions to our country and to the cause of scientific research and exploration.

Katherine and her team of mathematicians and engineers were pivotal to one of our Nation's greatest triumphs: landing the first man on the Moon. Yet, as Black women in America, they faced pervasive discrimination. They were subjected to segregated facilities and their careers were stifled by an explicit and implicit culture of racism and misogyny.

I will also note that today is Equal Pay Day and that the gender pay gap is even more stark for women of color. It takes a Black woman 7 months longer to earn what a man takes home in 1 year, which is why I have been a strong supporter of the Paycheck Fairness Act.

I will further note that we were supposed to send the first all-woman space walk on March 29 up into outer space, but we had to cancel that trip because of lack of proper suits for women. We must do better.

Katherine Johnson, Dr. Christine Darden, Dorothy Vaughan, Mary Jackson, and the hundreds of other women in STEM were never properly recognized for their brilliance and determination, which is why I, as a Member of Congress, am a cosponsor of the Hidden Figures Congressional Gold Medal Act.

#### VIOLENCE AGAINST WOMEN ACT

(Mr. MORELLE asked and was given permission to address the House for 1

minute and to revise and extend his remarks.)

Mr. MORELLE. Mr. Speaker, more than 4 million women in the United States experience physical violence by a domestic partner every single day. This staggering statistic underscores the great importance of the Violence Against Women Act reauthorization.

This critical legislation, which I am proud to cosponsor, provides the support and protections that victims of sexual assault and domestic violence need and deserve.

In my community, we have many organizations, like the Willow Domestic Violence Center, that provide life-saving services to women in need and rely on funding authorized by the Violence Against Women Act to operate.

I am especially pleased that this reauthorization includes vital provisions to keep guns out of the hands of those accused of stalking or dating violence.

I look forward to the passage of this important legislation and will continue working with my colleagues in the House to advance policies that support and empower women and ensure a safer community for all people.

#### MEDICARE AND SOCIAL SECURITY

(Mr. VAN DREW asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. VAN DREW. Mr. Speaker, I rise to speak to the importance of honoring our government handshake agreements.

Medicare and Social Security are cornerstones of America's safety net. Social Security enables millions of Americans to retire with invaluable peace of mind, and Medicare is an effective tool that provides greater healthcare to millions and millions of Americans.

These programs are a golden handshake agreement between the Federal Government and the people of the United States that must be honored, and I will not stand for any attempts to undermine our commitment.

Our seniors rely on Social Security and Medicare, and it is our responsibility to ensure that these programs are always there for them.

Our word is our bond. Keeping the promises made to the people is essential to the success of our Nation and to the success of our government.

#### VIOLENCE AGAINST WOMEN ACT

(Mr. LIPINSKI asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LIPINSKI. Mr. Speaker, I rise today in support of reauthorizing the Violence Against Women Act.

Congress first enacted this bipartisan law 25 years ago to unite our Nation in the fight against domestic violence. It ushered in a new era of protection for all Americans and continues to provide

essential support so that victims have the legal tools and resources to seek justice and receive care.

Domestic violence is a horrific crime experienced by one out of three women and one out of four men. We must do all we can to stop it.

Recently, I visited the WINGS domestic violence shelter on the southwest side of Chicago, and I was joined by Chicago Police Officer Gino Garcia. Gino was only six when his mother, a Chicago police officer, was killed by her boyfriend. Gino was inspired to become an officer and now works with shelters and other domestic violence organizations.

By reauthorizing the Violence Against Women Act, we help organizations like WINGS, and we empower victims and save lives. Mr. Speaker, I urge my colleagues to support the reauthorization of the Violence Against Women Act.

#### HEALTHCARE IS A RIGHT, NOT A PRIVILEGE

(Mr. CISNEROS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CISNEROS. Mr. Speaker, healthcare is a right, not a privilege. Unfortunately, I know all too well what it is like to have family members without healthcare coverage.

My mother went 15 years without health insurance, 15 years without seeing a doctor. My father used to drive to Mexico to get his diabetes medication because he had no insurance to cover the high cost.

The Affordable Care Act has provided over 20 million people with insurance and allowed them to have access to healthcare; 9,000 of them are in my district. It has also provided protections for those with preexisting conditions, protections that this administration and my colleagues on the other side of the aisle have tried to take away.

I have spoken with so many parents who may have a child with a heart condition, childhood diabetes, or asthma. If these protections are taken away, so many families won't be able to afford the necessary surgeries or medications for these kids.

Let's do what is right for kids. Let's do what is right for families and protect the Affordable Care Act. Let's protect healthcare.

#### CONDEMNING REPUBLICAN HEALTHCARE SABOTAGE

(Ms. KAPTUR asked and was given permission to address the House for 1 minute.)

Ms. KAPTUR. Mr. Speaker, I rise today to condemn President Trump and his anti-life Republican enablers in Congress as they seek to repeal the Affordable Care Act, cutting off millions of Americans from their lifeline of affordable healthcare.

Just last week, the Trump administration announced its support of a Federal ruling that would strike down the
